New Volleyball Court

If you haven't been by the back of Wick Center lately, check out the new sand volleyball court the college installed during the summertime. The Daemen Athletic Club ("DAC") made the request for the court to the college in the springtime, and the island behind Wick Center was deemed most suitable by all the parties involved. To give it a try, pick up a volleyball at Wick Desk (all you need to do is leave your Daemen ID) and go for it.

"DAC" has also petitioned the Student Association for some new aerobic equipment in the gym. Purchased this summer was an additional Stairmaster, and more equipment may be on the way if the Student Association can budget for it in the coming year.

"DAC" is always looking for new members interested in getting involved in organizing various athletic activities. Come to one of their interest meetings; notices indicating the time and location of meetings are posted in Wick Center. "DAC" is planning to bring a Nutrition & Training Workshop on campus September 28th. Look for more details.

Daemen College Liberty Partnership Program

by Traci Howard

Daemen, Buffalo State, Genesee, Alfred, St. Lawrence, Potsdam, Erie Community College, St. Bonaventure, Indiana State, SUNY at Morrisville, Brockport, and RIT. All these colleges have accepted Liberty Partnership high school students. This is a real achievement because each and every one of our Liberty Partnership Program participants are identified as being in real danger of dropping out of school. What made the difference? What changed potential dropouts into high school graduates? For these young people the Daemen College Liberty Partnership Program (DCLPP) was the answer.

What changed potential dropouts into high school graduates? For these young people the Daemen College Liberty Partnership Program was the answer.

Daemen College, as part of its ongoing efforts to address societal concerns, works in partnership with South

Park High School #33 Bilingual Center School in the Buffalo Public School System. The program, now in its seventh year of operation, is funded by the State Education Department's Bureau of College, School, and Community Collaboration, and provides services to 180 high school and middle school students and their families (90 at South Park High and 90 at School #33). Sixth through twelfth graders make up the student population.

The DCLPP is designed to facilitate and enhance the education of our youth at-risk. The program's goals are to increase academic performance levels, enhance the students' self-image, and increase school attendance.

The DCLPP has several components. The academic component takes the form of tutoring (both individual and group), and homework assistance, with a focus on core curriculum areas. Beyond academic support, at-risk students require additional personal and social support services to enable them to stay in school.

Career awareness is also a component of the program, and provides opportunities for students to obtain an increased understanding of the world of work. Career workshops, individual discussions, in-school college search seminars, interactions with role models and tours of business sites facilitate this objective.

One of the most important goals of the program is to build self-esteem and character. Daemen College Liberty Partnership program staff work hard to instill in the students a sense of pride in self. Before any student can successfully compete for a job or a place in a college's freshman class, he/she has to believe in him/herself and his/her abilities to achieve.

The DCLPP is located in Office #7 in Canavan Hall. Traci Jackson is the Director of the Program, Alex Navaro and Frank Armstead are Field Site- Coordinators, and Maria Rose is the Secretary/Administrative Assistant.

Stop by and say "hello"!

PRESIDENTIAL INAUGURAL TO TAKE PLACE

— *October 10* —

Daemen's first Presidential Inauguration in 21 years will take place Thursday, October 10, in the College athletic facility. Dr. Martin J. Anisman will officially become the fourth president of the College during ceremonies beginning at 10 a.m.

The Inauguration will mark the beginning of a series of events commemorating the 50th anniversary of Daemen and Rosary Hill College. Invitations will be extended to the entire campus community, alumni, representatives of colleges and universities from across the state, business and community leaders, state and local elected officials, and many others.

Everyone attending the inauguration will be welcome at a reception following the ceremonies.

Graphic Design majors

The Student Activities Office has a **Work Study position** available for the position of **publications assistant**.

Job Description:

- Use desktop publishing (Macintosh hardware and Pagemaker 5.0 software) to assist in the layout of the yearbook and newspaper (ASCENT).
- Work closely with the Director of Student Activities (Advisor to yearbook/newspaper) on all aspects of production: photography, layout design, copy editing, material preparation, packaging, proofing, and submission.

Requirements:

- High level competency with Pagemaker software on a "Mac".
- Competent writing skills.

Candidates who are eligible for Work Study should interview with the Director of Student Activities.

Daemen Dining Service Hires New Workers!

Actually, the personnel pictured here are volunteers temporarily self-assigned to "serving" student needs in a different capacity. Members of the Daemen College Administration (L to R), Mr. Frank Balcerzak (Vice President for Business Affairs), Dr. Martin J. Anisman (President of Daemen College), and Dr. Charles Reedy (Vice President for Academic Affairs and Dean of the College) all came out one evening during finals week in May to serve "breakfast" to late night "studiers" in Wick Center.

Though the team performed exceptionally well behind the counter, the next morning administrative duties beckoned their return to the business of running the college.

Daemen College Health Services

Welcome, new students and welcome back, friendly and familiar faces! We, in the Health Services Office, are hoping each of you has a happy, healthy, and successful academic year.

Hope as we might that three square meals a day, plenty of rest, time for work, as well as time for play, will keep you healthy; we know there will still be times that you may become ill.

For those of you who are not covered by your own health insurance, we offer the Daemen College Student Health and Accident Insurance Program. The 1996/1997 premium will be \$485 per student. Spouse and dependent-child coverage is also available at the rate of an additional \$728 per covered individual.

A comprehensive health care facility, The Sisters Amherst Health Center, located at 4949 Harlem Road, is just minutes from the Daemen campus (under a mile away). The health center is

where you should call in the event of sickness or minor injury. Students who are covered by their parents' or other private insurance may also use the facility. Use of the center is not limited to students who have enrolled in the Daemen insurance program; the center will file claims with all insurance companies that have no stipulations about the need to see specific doctors. Located directly across the street from the center is CVS Pharmacy for your prescription and other medication needs.

In the event of illness or injury, free transportation to the center will be provided for you.

If you have any questions about insurance, need health services information, or just want to talk about a health issue, or need a copy of your immunizations for an affiliation or volunteer community service, stop in the Health Services Office in Wick Center. We look forward to meeting you.

NEW WORK STUDY POSITION

The Student Activities Office has a new Work Study position for an office assistant who will be responsible for making daily PA announcements at meal times, hanging banners in Wick Lobby, distributing flyers and table tents, making phone calls, maintaining gameroom equipment, and generally assisting the Director of Student Activities.

Candidates should have a clear speaking voice (for PA announcements), the ability to use a ladder (for hanging banners), and a happy, positive personality. Eligible Work Study students should interview with the Director of Student Activities.

**Class Officer
Elections
Coming Soon!**

Every fall, the Student Association Executive Board holds elections for class officers (the president of each class). The four class officers along with the executive board constitute the Student Association Senate, which meets weekly to discuss campus life, plan activities, and recommend Student Activities fee expenditures.

If you're interested in running for a class officer position, start putting together a "letter of intent" which lists your past experiences and pertinent skills, and tells the student body why you should be its representative.

Early in September the Student Association will be asking for letters of intent to be submitted to Wick Desk (look for a banner in the lobby and listen to the mealtime PA announcements).

Even if you're not interested in running for one of these positions, please make sure you get involved by taking a few moments to vote for your class representative!

Academic Advisement Welcomes New Students

by Dr. C. Eric Zinnerstrom

The Academic Advisement Office's personnel would like to extend a hearty "Welcome!" to the students of the Class of 2000, as well as to say "Hi!" to all of our returning Daemen students. We hope the 1996-97 academic year will be a year of personal successes for everyone at Daemen.

To facilitate your academic efforts, we would encourage you to remember that proper time management is an important aspect of your collegiate success. Additionally, be prepared for all of your classes. When given an assignment for class, reflect on its value to your professional goals. Generate questions that you believe to be relevant to the concepts/ideas being brought out in class. Then read to answer the questions you have generated. Remember, avoid procrastination. Complete all your reading assignments and homework problems. Always go to your classes prepared to actively participate and you will find that understanding and mastery of the content will follow.

Should you encounter problems or have concerns, do not hesitate to contact the Office of Academic Advisement (DS 111). We are eager and willing to assist you in drawing meaningful focus to the myriad of concerns you may have related to college. We will endeavor to help you deal with the many important decisions that might be affecting your professional development. Furthermore, we will help you plan a meaningful course schedule each semester that will aid you in the attainment of your educational aspirations.

"You are here to prepare for your future."

It is critical, however, that you appreciate where the ultimate responsibility lies regarding your success in college. The responsibility rests with you. You must plan for success. When

problems arise, you must actively seek assistance. Remember, there are many qualified people at Daemen to help you achieve your goal(s). But you must meet with them and pursue their suggestions if you are to succeed.

College requires many individual sacrifices. However, the sacrifices you make today should lead you to the success you desire for your future. Do not be distracted from why you are here. You are here to prepare for your future.

We encourage you to always put academics first. College is an expensive undertaking. It demands that we put our academic responsibilities above our desire to experiment with new-found freedoms. Too frequently, our desire to be accepted may lead to situations where our priorities become somewhat clouded.

Social experiences often seem to take precedent over academic responsibilities. We hope you choose your friends wisely and avoid the many trappings of getting involved with a "partying" mentality.

Admittedly, college is a time for you to develop new friendships and experience new undertakings. We ask you to choose your experiences with great care. As this issue of the Ascent points out, there are many positive ways you can get involved on this campus. We encourage involvement that will lead to new personal insights and new friends. Involvement that results in making a contribution to your professional growth, to others, and to this campus will always be a credit to you.

We wish you success in the upcoming year. Remember, the Office of Academic Advisement exists for you. Our office is located in room 111 Duns Scotus, extension 8228. Our goal is to assist students regarding the interpretation

of college policies and procedures; in meeting departmental and institutional requirements specified for graduation; and in becoming self-directed and independent learners. It is a place where you can discuss in total confidentiality your concern(s). A place where you will find people who want to listen to you and offer assistance intended to resolve your concerns or problem(s).

Please do not be a stranger. Our door is always open. Stop by and make an appointment to speak with us. Let's get to know one another this semester.

In closing, attend all of your classes; plan your work, then proactively work your plan; avoid procrastination; and embrace positive expectations related to your level of performance. If a problem should arise, seek assistance immediately. Never forget, we are here to help you.

DAEMEN COLLEGE BOOKSTORE

Used Book buyback

A representative from Southeastern Book Company will be here Monday, August 26, 1996, from Noon to 7 pm, and Tuesday, August 27, 1996, from 9 am to 4 pm.

If you missed the buyback in May or June, bring your books to DS Room 7 during those times. Next buyback is scheduled during exam week in December.

Class Rings Representative

A Sales Representative for ArtCarved Class Rings will be in the Bookstore September 18th and 19th. Check posters for times and sales promotions.

Free Campus Trial Packs

Distributed in the Bookstore beginning August 23rd until they're gone! Just sign your name and receive a trial pack with free samples and coupons. (ONE PER CUSTOMER, PLEASE)

Bookstore Gets Bigger

The first thing you'll notice when you head to the Bookstore is that there are some new lockers outside the door. These are coin-operated. You'll need a quarter to get the key to lock the door, but you'll get your quarter back when you put the key back to get your belongings. These lockers are for use only when shopping in the Bookstore. No bookbags or backpacks will be allowed in the Bookstore on the floor by the door or anywhere else in the store. Regular lockers are still available for commuters (sign these out at Wick Desk).

Orientation Hours

The Bookstore hours for Orientation Weekend will be:

Friday, Aug. 23rd	8 am - 5 pm
Saturday, Aug. 24th	9 am - 5 pm
Sunday, Aug. 25th	9 am - 5 pm

Free Bookstore Drawing

Students, put your name in the "BACK TO SCHOOL" drawing in the Bookstore for a Royal Electronic Personal Organizer: features include calculator, telephone and memo memories, scheduler and schedule alarms.

Those of you who were here during the summer may have noticed something strange going on in the Bookstore. First of all, we had the summer books in the store where you could pick out the ones you wanted. Remarks ranged from "Cool!" to "You mean I have to get them myself?" Then in June, a big plastic sheet was hanging over the Art Supply Department, because the cement block wall was knocked out between the store and Room 8. Sorry, you'll never be able to study in there again, unless you're studying the books we have for sale!

The new area has been turned into the Textbook Department. You'll see a lower ceiling, new lighting, carpeting, and lots of shelves with all those books. For the first few weeks of the semester, you will be able to get your textbooks at the counter in the new area, look them over, decide which ones you want, and take them to the cash register to pay for them. After the first few weeks are over and you need a book, you will be able to go right to the Textbook Department and find what you need. We'll be there to help you find things, but please, be patient if we have trouble finding something because it will be new for us too!

You'll see other improvements as well, and some will be happening throughout the school year. Visit us often and watch the changes taking shape!

BILLS TICKETS

The Student Activities Office has purchased tickets to two great games this year:

Buffalo Bills vs Indianapolis Colts
(on October 6)

Buffalo Bills vs New York Jets
(on November 24)

- tickets will be sold through the Bookstore; limit of 2/person
- transportation will **not** be provided to these games
- ticket quantities are limited, so get your tickets early!

Ticket sales begin September 16th for each game.

Welcome, To All New and Returning Students

The Department of Cooperative Education and Career Development would like to welcome all new and returning students. *Did you know* that Daemen College is one of the few local colleges which offers you the opportunity to get real-world work experience. In fact, our department placed over seventy students like yourself in CO-OP field experience placements last year. These students gained work experience that enhanced their resume and gave them contacts with professionals in the employment community. They worked anywhere from 3-4 hours a week to as many as 20-25, depending on their class schedules and credit needs.

Did you also know that we reviewed over 500 student resumes and job search letters last year. We also brought over 100 employers to campus, and another 190 regional and national employers within student contact. In addition, the Department received one thousand two hundred eighty-four full-time, professional opportunities for students to review, and over two hundred twenty-seven part-time jobs.

If you would like to know some other interesting facts about how our CO-OP, career development, and job search services can help you specifically, please call 839-8334, or stop by our office in Canavan Hall. Best wishes for a successful semester.

Student Helping Students

Dear Students:

I hope everyone enjoyed their summer vacation. As you know, it is time to start a new semester with a positive attitude. I am Markel D. Harrison, and I will be serving as your 1996-97 Student Association President. This year's theme is Students Helping Students. I am very pleased to be working with the rest of the executive board. They are committed, and they will contribute to our successful year.

My plans as SA President include increasing the visibility of the SA board. We want our office to be open to any student that has any suggestions, concerns, comments, or just wants to hangout. On Friday's, we will be serving coffee and doughnuts. Hope to see you there!

This summer Chris Malik, Director of Student Activities, and I worked diligently on preparing an operating budget for the 1996-97 school year, and revising the chart of accounts to better plan and budget for the entire year. There will be copies of the budget available at Wick Desk for students to review. I think it is very important for the student body to know how it's Student Activity Fee is being spent. We also moved SA's office out of the smaller Student Publications Office, and back into the larger office we occupied prior to the spring semester.

Student Association meetings will be held every Tuesday, at 11:30 am, in Wick Center. Old faces, new faces, we'd love to see them all.

Sincerely,

Markel D. Harrison

Dr. Wright Receives Distinguished Alumni Award

On Saturday, July 13, 1996, Dr. Laurence C. Wright was honored at an Alumni Dinner at Daemen College, being awarded with the Distinguished Alumni Award, presented each year to a person who is outstanding in his or her field; attains seemingly impossible goals, and, in general, serves as a role model for others.

In 1980, having established himself as an outstanding orthodontist, he was called into religious service. At the age of 52, he returned to college and earned three degrees: BA in Religion, Master of Ministry and a Ph.D. in Church Management. In 1984 he joined the Campus Ministry team at Daemen College, serving as Director from 1987 to 1995. For the past six years, he has published The Good News Rainbow Letter, which now enjoys a readership of over 4,000.

Dr. Wright also established the Wright Scholarship Fund in 1987, which has benefited nearly 150 students. In addition, he has volunteered his time as a member of countless boards and committees such as the YMCA, Rotary Club, and Amherst Community Church.

Dr. Wright has been married to his wife Joan for 45 years, and has four sons and thirteen grandchildren. He continues in his orthodontist practice and as a campus minister at Daemen College on a part-time basis.
